

# EPA COURSE ONLINE

*We are an Ofqual approved EPAO, and we also specialise in assessor, IQA, Lead IQA, and EPA qualification delivery*

## Highfield Level 3 Award in Undertaking End Point Assessment one day skills workshop events.

- Gain a nationally recognised Level 3 Qualification.
- Delivered by highly experienced End Point Assessors.
- Theory and practical activities, small groups, interactive sessions. Deliver mock EPA activities, observe others, and give feedback.
- Review the apprenticeship assessment plan and make assessment decisions.
- Learn to prepare and deliver EPAs. Learn the theory behind EPA and prepare for your assignments.
- Deliver a mock knowledge test, Professional Discussion and/or other suitable EPA assessment methods, depending on the requirements of the standard.
- Suitable for anyone looking to work in apprenticeship end point assessment or for those looking to learn more about the process to support apprentices.

Our courses are certified by Highfield, one of the UKs largest awarding organisations and Ofqual recognised. Attendees are required to be available online by 930am and to complete a pre-workshop day activity. Following the workshop, to gain your qualification, you will need to complete and email your tutor a completed assignment to the required standard. The activities will fully support you to do this. You must be over the age of 18 and show ID. Our tutors have years of experience within the EPA industry across various sectors. Fees and deposits are not refundable or transferrable.

For more information, please email us or check the website. 100% of our customers who complete the course tell us they would recommend us. Certificates available in both hard copy and e-certificate format.
